Muneeb Ur Rehman Sidhar

Computer Science Student, UET Taxila

muneebsidhar@gmail.com | +92 307 0094457

SUMMARY

Computer Science student who builds complete projects across software and hardware, from web applications and C++ games to Arduino and logic-gate systems. Seeking job offers, internships and freelance work.

EDUCATION

BS Computer Science	University of Engineering and Technology (UET), Taxila. Currently in the 3rd semester.
Coursework	Object-Oriented Programming, Digital Logic Design, Statistics and Probability, Technical and Business Writing

SKILLS

Programming	C++ (including OOP), Python
Web	HTML, CSS, JavaScript, front-end and back-end development
Hardware	Arduino, Arduino IDE, logic gate design
Learning	Artificial Intelligence, Cyber Security (beginner)

HARDWARE PROJECTS

- **Smart Attendance System.** Arduino and RFID setup that records student attendance automatically from card taps.
- **Smart Security Laser Alarm.** Logic-gate circuit that triggers an alarm when a laser beam is broken.
- **Light Following Car.** Arduino robot car that detects a light source and drives toward it.
- **Auto Parking System.** Arduino-controlled system that automates vehicle parking.
- **Additional Projects.** Several more Arduino and logic-gate projects using sensors, LEDs and motors.

SOFTWARE PROJECTS

- **Snake Game.** C++ game with score tracking.
- **Car Racing Game.** Object-oriented C++ game with separate classes for cars, track and game flow.
- **Exam System.** C++ program that conducts exams and reports results.
- **Python Automation.** Scripts that automate repetitive tasks.

WEB PROJECTS

- **Student Career Guidance Portal.** Website that helps students explore careers.
- **Online Store.** Shopping website for browsing products and placing orders.
- **Personal Portfolio Website.** Responsive five-page site with a Node.js contact form server.

CERTIFICATES (COURSERA)

Oct 2026	AI For Everyone, DeepLearning.AI
Oct 2026	AI for Brainstorming and Planning, Google
Sep 2026	Foundations of Cybersecurity, Google
